Failure is NOT an Option

St. James High invites parents/guardians and students who will be entering the 9th grade to attend the 9th Grade Academy Orientation.

The Orientation is designed to welcome all freshmen to high school and to allow the freshmen to feel comfortable and prepared for their 1st year of their high school experience. We will focus on transitioning into high school and meeting the rigorous high school standards that St. James High has to offer.

Your attendance and your child’s attendance is vital to their success.
