

PowerSchool Parent Portal

St. James Parish is pleased to announce that our Parent Portal is now open for students and parents to view grades and attendance online. To access the site type: <http://stjames.powerschool.com> into the address bar of your web browser and create an account. After completing the account registration process, you will be able to access your child's records on any internet connected computer.

Moodle

Moodle is our "electronic classroom" used daily by teachers and students to access homework, classwork, quizzes, and current events. To access moodle type <http://stjames.mrooms.net> or click Resources / Moodle2.0 on the SJPS district homepage. Then, find your teacher's name under St. James High School and log in.

Gaggle Safe and secure email accounts are available to all students to communicate with teachers. To access student email type www.gaggle.net in your browser.

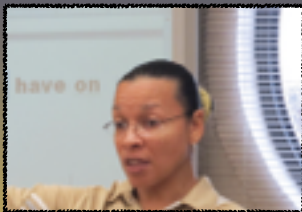

21st Century Learners

St. James High School is committed to student excellence and success using current technologies.

Our 1:1 laptop program allows wireless access as well as digital textbooks and productivity software.

Teachers integrate technology in the classroom which results in a reduction of lecture/presentation instruction and an increase in project-based learning activities.

Cyber Safety and responsible use of technology is taught daily.

Ms. Shawn Oubre, 8th grade Science teacher, uses her Promethean board to provide students with opportunities to collaborate and interact in daily lessons.

Mr. Kennedy, St. James High School principal, encourages parent teacher communication through our online portals.

Mr. Marcus Oubre, Math teacher, checks a student's work for completion and comprehension of facts.
